**Infra:** Kubernetes (operators, production clusters); serverless deployments; GCP/AWS.

## WORK EXPERIENCE

---

### Producta.ai

Jun 2024 - Mar 2025

*CTO, Co-Founder*

*Remote*

- Built coding agent using state-of-the-art multi-agent architecture, and its evaluation framework.
- Reached ProductHunt top 3 and engaged 1000+ companies before pivoting based on market feedback.

### Zuplo

May 2023 - Jun 2024

*Founding Developer Relations*

*Remote*

- Led Go-To-Market strategy (partnerships, ads, content, conference), making Zuplo a known brand in every API conference.
- Closed partnership with Supabase, resulting in 2x paid registrations for the product.
- Supported our customers, refined our product-led motion, built and launched open-source tooling like Rate-My-OpenAPI, and wrote thought leadership content in the API space.

### Kubeshop

Nov 2021 - May 2023

*Product Leader*

*Remote*

- I led product, marketing and engineering (15 reports), building open-source dev-tools like Testkube (now Series A), a Kubernetes-native test runner; and Kusk, an OpenAPI-centric API Gateway.
- Implemented full-ownership engineering processes where teams owned their features end-to-end: documentation completeness, test coverage, and self-service deployments to production.

### GreenMobility

Oct 2019 - Nov 2021

*Fullstack Developer*

*Copenhagen, Denmark*

- As a founding engineer, architected and built our platform from the ground up (Next.js, Node.js, Cloud Run, Cloud Pub/Sub).
- Delivered 2 consumer applications and scaled high-throughput systems (2M per day) on serverless infrastructure.
- Shipped features to 200k customers and built internal portals to manage fleet of 600 cars.

### Google

Sept 2018 - Oct 2019

*Developer Relations, Project Manager*

*Madrid, Spain*

- Executed regional outreach and support programs, including large-scale Google-scale events.
- Led training in European universities with 800 students, giving workshops on Google Cloud.
- Managed relationships with 65 developer communities in Europe with thousands of members, with 1-on-1 meetings to discuss needs and funding; and helped to create 15 new communities.
