## SUMMARY

---

Product-focused engineer with ability to lead cross-functional teams and wear multiple hats, from building multi-agent AI systems, to driving GTM strategy and Developer Relations.

**Application stack:** Next.js/Vite, Node/Deno, GraphQL/REST, PostgreSQL, wrote SDKs. **Infra:** Kubernetes (operators, production clusters); serverless deployments; GCP/AWS.

## WORK EXPERIENCE

---

### Producta.ai

Jun 2024 - Mar 2025

*CTO, Co-Founder*

*Remote*

- Built coding agent that outperformed Cursor, using state-of-the-art multi-agent architecture and evaluation infrastructure.
- Reached ProductHunt top 3 and engaged 1000+ companies before pivoting based on market feedback.

### Zuplo

May 2023 - Jun 2024

*Founding Developer Relations*

*Remote*

- Led Go-To-Market (partnerships, ads, content, conference), resulting in 2x paid registrations for the product.
- Supported our customers, refined our product-led motion, built and launched open-source tooling like Rate-My-OpenAPI, and wrote thought leadership content in the API space.

### Kubeshop

Nov 2021 - May 2023

*Product Leader*

*Remote*

- I led product, marketing and engineering (15 reports), building open-source dev-tools like Testkube (now Series A), a Kubernetes-native test runner; and Kusk, an OpenAPI-centric API Gateway.

### GreenMobility

Oct 2019 - Nov 2021

*Fullstack Developer*

*Copenhagen, Denmark*

- As a founding engineer, architected and built our platform from the ground up, delivering consumer applications and scaling high-throughput systems on serverless infrastructure.
- Shipped features to 200k customers and built internal portals to manage fleet of 600 cars.

### Google

Sept 2018 - Oct 2019

*Developer Relations, Project Manager*

*Madrid, Spain*

- Execute regional outreach and support programs, including large-scale Google-scale events.
- Lead training in European universities with 800 students, giving workshops on Google Cloud.
- Managed relationships with 65 developer communities in Europe with thousands of members, with 1-on-1 meetings to discuss needs and funding; and helped to create 15 new communities.
